

MIFID II TRACKER

This MiFID II tracker provides an overview of the ongoing European legislative process for the MiFID II Directive and the Markets in Financial Instruments Regulation ("MiFIR"). In particular, the tracker is intended to help you to follow the progress of MiFID II provisions from initial consultations by the European Securities and Markets Authority ("ESMA") through to the final secondary legislation.

Each row of the tracker corresponds to an article in the MiFID II Directive or MiFIR. The tracker gives a brief description of the relevant topic(s), and provides the number of the chapter covering this topic in the relevant ESMA consultation paper, discussion paper and/or technical advice, as appropriate. Where the Commission has adopted measures following ESMA consultation and advice, the details of the relevant legislation have been provided.

The main publications covered in this tracker comprise:
